### MOCS RIDE TO THE LITTLE RIVER CAFÉ.

We put this ride together on two weeks notice. We've done it before but not lately and Suzanne & Zeke Turner were wondering why not? So I go on the phone and online and let anyone who may have been vaguely interested know what we were doing. Short notice and all we had a very good turn out. (Maybe that is why.)

September 12th turned out to be a beautiful day as 25 of us hit the road. We rode a total of 19 machines. Notable amongst the old bikes were 10 Cushmans, a HD Topper and a 73 Honda CB500. We traveled along the little Miami River corridor to the Little River Café. This is a nice watering hole featuring great food and a laid back atmosphere in Oregonia, Ohio.

After enjoying a very good lunch, we went a few miles further - straight up the hill taxing some of the scooters - to the flying field of the Ceasars Creek Soaring Club. We had seen the gliders in tow while eating lunch so thought this would be a good stop to make. It is just fun to watch these planes from the sidelines but this time we were given a look at one of the gliders by a club member and pilot, who apparently had time to kill as he really gave us the lowdown on the machine. The glider we were looking at was in the \$100,000 range. And we thought this scooter sport was expensive!

We left there hungry again so we had to stop for ice cream in Corwin, Ohio. Saw a t-shirt in Sturgis a while back. It stated "Live to Ride - Ride to Eat!" Kind of fits us, don't it? All had a good day and we'll likely do it again next year.

A list of riders - 4 new club members: Welcome Jack Dolle, Tom Mills, Robert Bellamy & Bill Trauffer. Guests: Dan Losekamp, Danny Browning and his girl Cathy. Regulars: Jerry Lawrence, Bill Conrad, Kent, Suzanne, Austin (& girlfriend Jen) Turner, Pete Trippel, Kenny Oglesbee, Kenny & Sharon Miller, Jon & Chris Yost, Jerry & Rosie Bowen, Tom & Sue Losekamp, and last, but certainly not least, Dave Leisure and Bob Lee, 2/3rds of our clubs founding fathers. (They were riding Honda Helix's so we made them stay back! :)
